

## VISA Account Updater (VAU) Opt-In / Opt-Out Form

When plastics fraud occurs on a debit or credit card and a new card is issued to our members, any existing automatic payments are automatically transferred to the new debit/credit card account for the convenience of our members. All plastics are opted into this service by default. In some cases, IF the fraudulent or disputed transaction was set up as an automatically recurring payment, it is necessary to OPT-OUT of Visa Account Updater to prevent unwanted automatic payments from "rolling over" to the new account.

**Opt-Out Status Selection (Choose One):**

- OPT-IN to VAU:** As a standard courtesy, Unity One Credit Union automatically opts-in our members to Visa Account Updater by default, so that automated transactions can be made without any interruption in service due to a change in card numbers. (If a member has previously opted out, choose the OPT-IN option to resume the automatic transfer to new accounts.)
  
- OPT-OUT of VAU:** By opting out of Visa Account Updater, I understand that any existing automatic payments will not be automatically transferred to the new account in the event of fraud including unintentional lost, stolen, or compromised debit/credit cards. Furthermore, by Opting Out I agree that it will be my responsibility to provide my new debit or credit card information to any merchants for the purpose of automatic payment.

**Debit or Credit (Choose One):**
